

Ready to take you
on the adventure
of a lifetime

With its roomy interior, user-friendly configurable storage, and a host of other Best in Class features, the new Winnebago Porto™ packs tremendous value into its compact, easy-driving footprint. The strong, lightweight SuperShell™ Sleeper Deck provides added thermal and acoustic insulation, while the spacious galley, large panoramic window and the largest bed in the class enhance life aboard the Porto. A massive

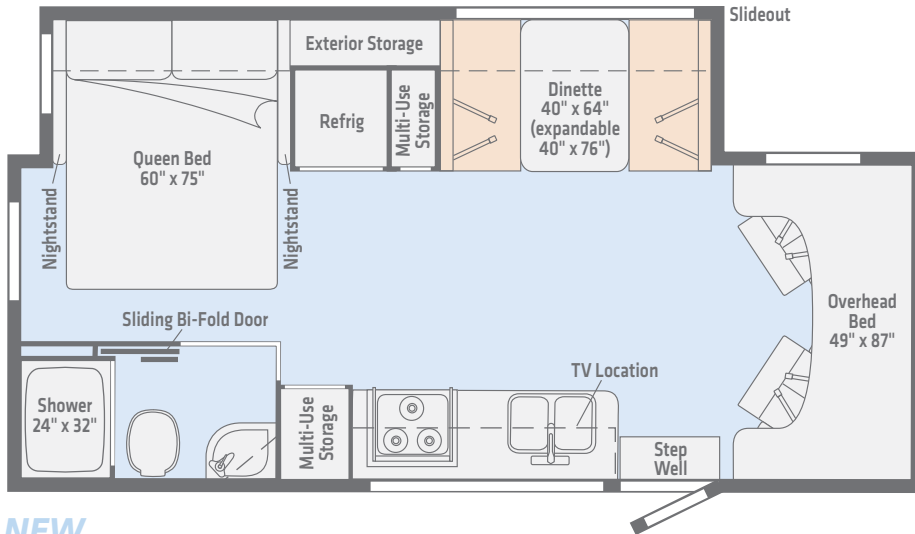

exterior storage compartment plus the largest holding tanks in the class, standard 200-watt solar panels, roof-port wiring access, 1000-watt inverter and dual group 31 batteries extend your off-the-grid camping range. Built on the Mercedes-Benz® Sprinter chassis and available in your choice of two slideout-equipped floorplans, the Porto makes an ideal mobile base for families, couples or solo travelers.

1. The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please contact your dealer for further information.

2. The load capacity of your motorhome is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motorhome.

3. Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.

4. Capacities shown are tank manufacturer's listed water capacity (W.C.). Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.

5. Actual towing capacity is dependent on your particular loading and towing circumstances which includes the GVWR, GAWR, and GCWR, as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.

Not all items available in combination. See dealer for details.
